REASONS FOR ALLOWANCE

Claims 1-12 are allowed.

The following is an examiner's statement of reasons for allowance:

Per amended independent claims 1 and 7, the added limitation to the claim that the hydraulic connection between the oil cooler and the reservoir is open when the valve between the fluid source and the reservoir is closed, as now claimed is not taught or reasonably suggested in combination by the prior art. See also applicant's remarks in the reply filed 4/4/2005.

Claims 2-6 and 8-12 serve to further define the invention of claims 1 and 7 over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eric M Gibson whose telephone number is (571) 272-6960. The examiner can normally be reached on M-F.
